WELLNESS CHECKS

Keeping pace with today's demanding production schedules while maintaining peak efficiency across your packaging or manufacturing systems can be a constant challenge. Equipment downtime, unexpected repairs, and performance issues can quickly disrupt operations and impact your bottom line. That's where Shuttleworth can step in to help. Our comprehensive Wellness Check program is designed to ease that burden, giving you confidence that your systems are operating at their best, without adding extra stress to your team.

BENEFITS OF THE WELLNESS CHECK PREVENTATIVE MAINTENANCE PROGRAM

- Improve equipment and system reliability
- Reduction of unexpected breakdowns
- Decrease need for expensive unexpected replacement parts
- Extended system life
- No need to shutdown, Wellness Checks can be performed during production!

EACH WELLNESS CHECK, A SHUTTLEWORTH MECHATRONICS ENGINEER WILL BE ON-SITE TO:

- Complete inspection of system
- Checking for missing or damaged parts
- Verify Annual Maintenance was completed
- Document any needed repairs or adjustments

> Annual & Semiannual
